TO WHOSOEVER IT MAY CONCERN

This is to certify that we availed the services of Mr Subhash Ganatra of SMG Spacers Pvt ltd to locate and finalize our requirements for a Warehouse in Bhiwandi. Since ours is a new company in India we were looking out for expert advise on the ideal location for our warehouse.

After understanding our company's requirements he helped us locate a warehouse as per our size and budget requirements. Post finalization he also assisted us in a very professional manner to complete all legal formalities pertaining to the registration of the warehouse.

Mr Subhash Ganatra has been extremely professional in all his dealings. We found his service as a Realtor extremely professional. We would like to commend him for the level of service and expertise in the field of Space Management.
