To whom it may concern

Being an engineering company making custom made heavy, voluminous and odd-shape/size structures and equipments, it was very difficult for us to locate a suitable place to store the fabricated and manufactured items for one of our export projects that got delayed.

Mr. Ganatra, of "SMG Spacers Pvt. Ltd.", was explained our requirements and surprisingly within a short time he not only located a suitable warehouse but helped up till the time we started shifting our items to this new warehouse. Mr. Ganatra seems to have good contacts at right places.

His dealing was fair and he was available in all our meetings with the owner.

We will not hesitate to deal with him again for our future warehousing requirements.

For Techint Hypertherm Pvt. Ltd.
